Dave Graves  
Ontario Council for Technology Education  
192 King Street  
P.O. Box 532  
Burford, ON N01 1A0

Dear Dave;

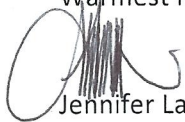

I cannot thank you and everyone at the Ontario Council for Technology Education for supporting the Mental Health Courtyard and helping us move another step towards making this project a reality.

You have supported McMaster Children's Hospital's Mental Health program over the years and now you have made a special gift that is going to help build a Courtyard adjacent to our Mental Health Unit. Every gift to this campaign will live for decades through the thousands of children and youth that will be cared for at McMaster Children's Hospital.

On behalf of the Foundation, the hospital staff and patients, thank you for investing in the children that we have the privilege to care for. I look forward to a formal cheque presentation and your attendance at the opening the coming months. Please find enclosed your business receipt for your \$5,000 gift toward the Courtyard.

Warmest regards,

Jennifer Laughton, CFRE  
Vice President, McMaster Children's Hospital Foundation

*Thanks so much!*
