

The NEW SPEECH – MUSIC MIX!

In this version of the project, you are to re-mix the speech with music, cutting words and phrases into a 'rap' style song , or 'dance' song. Something that would be heard in a night club or prom or graduation style event. There are several exlempars for you to listen to for ideas and reference. Please see the folder called "Grade 11 Music Speeches" and play (with headphones) various samples from other student work.

The length of the production you create should be approximately :60 seconds, but not less than :45 and not greater than 3:00. Practice the following techniques:

Cutting on the beat

Cutting words

Making new phrases

Repeating or 'looping' words for phrases

Sound effects including echo, reverb, reverse, equilizer, pitch, speed.

Using multiple tracks

Fading up, down, in and out

Level (or volume) changes

See the rubric for specific grading / evaluation criteria.

Enjoy being creative with this project it should be fun to complete!
