- **Responsible**
- **Respectful**

Student Behaviour and Parental/Guardian Consent Form **Communications Technology**

Please be advised that for some projects students will be expected to leave the classroom, or be in the classroom while the teacher is outside the classroom working with other students. These are considered as individual field trips while the students are still supervised, but out of the view of the teacher. Students must be sure that the teacher knows where the students are at all times. These learning experiences are a privilege that may be lost due to unsafe, irresponsible or disrespectful behaviour. Students will be advised in class on safe, responsible and respectful behaviour.

Please discuss with your student the importance of behaving in a safe and responsible manner when working out of the view of the teacher. Students must never create a hazardous situation for themselves, others or endanger the equipment in their enthusiasm to create their productions. Students are responsible for equipment they are using and must protect it from potential damage and never leave equipment unattended in a public place where it may be lost or stolen.

Please discuss with your student the importance of treating all people with respect. It is expected that all student work contain positive images of race, gender, and religion. Stereotypes, acts of violence, sexual themes, or use of profanity in student work is unacceptable. Students may never use moving vehicles in their work as this presents dangerous situations for crew and driver.

I, _____
(name of parent or guardian)

have discussed with _____
(name of student)

the need to work with safe, responsible and respectful practices and give them my permission to participate in such field trips.

Student's Health Card # (voluntary) _____

Date: _____

If you have any questions, please send a note with your student or contact:
(Teacher's Name) at: **(School Name); (Phone number)**
